The screenshot shows a web interface for patent search results. At the top, there are tabs for Trademark, Patent, Industrial Design, Geographical Indications, and Search Feedback. The main content area is titled 'Patent - Result Listing' and shows a list of search results. The first result is 'STABILIZER-FREE STABILIZED COFFEE AROMA' with a relevance of 100%. The second result is 'SELF-FOAMING SOLUBLE BEVERAGE POWDER' also with a relevance of 100%. Each result includes details such as Application No., Patent No., Legal Status, Date of Filing, Date of Grant, IPC No., and Applicant. The interface also includes navigation controls like 'Save Basket', 'View Basket', and 'Add To Basket' buttons.
